

Certificate

Conformity of factory production control

pursuant to Regulation (EU) No. 305/2011: System 2+

No. of Certificate: **0035-CPR-C956**

Scope of application: According to Regulation (EU) No. 305/2011 of the European Parliament and of the Council of 9 March 2011 (Construction Products Regulation - CPR), this Certificate applies to the construction product stated below:

Welding consumable (filler metals and fluxes)
for fusion welding of metallic materials intended to be used in metal structures or metal/concrete composite structures:
Filler wires acc. to EN ISO 14341, EN ISO 14343, EN ISO 16834, EN ISO 18273
Filler rods, Filler wires acc. to EN ISO 14343, EN ISO 18273
Covered electrodes acc. to EN ISO 2560, EN ISO 3580, EN ISO 3581, EN ISO 18275
Tubular cored electrodes acc. to EN ISO 17632, EN ISO 17633

Name and address of the manufacturer: **Castolin Eutectic France**
22, avenue du Québec
F-91140 Villebon sur Yvette - France

Specified requirements: This document is to certify that all the regulations governing the assessment and verification of constancy of performance as detailed in Annex ZA of the harmonized standard **EN 13479:2017** are applied under System 2+ and that the factory production control meets all the requirements described therein.

Period of validity: This Certificate, first issued on **April 30, 2018** will be valid as long as the methods of testing and/or requirements for factory production control, for assessment of performance of stated characteristics which are referred to in the harmonized standard remain unchanged and as long as minor changes only will be made with regard to the product and manufacturing conditions on site. It will expire on **April 30, 2024** at the latest.
